

## PROGRAM OUTLINE

### **SESSION ONE - THE FIRST HOUR**

**Focus:** Immediate response to mass casualty incidents and major disasters.

**Core Concept:** What actually happens in the first 60–120 minutes, and how systems either cope or fail.

### **SESSION TWO - SYSTEM RESILIENCE**

**Focus:** Infrastructure, governance, and preparedness.

**Core Concept:** Disasters expose the system you built yesterday

KEYNOTE SPEAKER: Prof Kenji Inaba, USA

### **SESSION THREE - CONCURRENT SESSIONS**

**FREE PAPERS**

**EMERGO SIMULATION**

**BURNS** - Patients that require a different focus

### **STOP THE BLEED EXERCISE**

### **SESSION FOUR - AFTER THE SIRENS**

**Focus:** The long tail of disasters.

**Core Concept:** The disaster is not over when the last patient leaves the resus bay.
